

## Your reliable integrated video surveillance solutions

### How to query Edge Storage Video Playback?

**Answer:**

Note: Before you play back video with edge storage, check that the camera has been installed with a memory card and storage has been configured.

Note: Only some certain models support these functions. Please see the actual model for details.

1. Click **Playback** on the home page.

2. Select the date from the calendar.

3. Click **Query**.

4. Under **Results**, double-click the time period to start playing the recording.
