Surveillance Solutions for Campus

Campus

Solution Background

The number of campus incidents is increasing, and campus safety is becoming a hot topic in recent years. Ensuring safety for students and teachers is one of the most important footstones for campuses. In order to achieve great academic progress and increase the popularity of campuses, the security department must establish an effective security system, and perfect video surveillance system is a necessary condition for the campus .

Starlink campus video surveillance solutions have been delivered to many prestigious campuses. As a result, Starlink has accumulated a lot of experience in many projects. Now we offer new campus surveillance solutions that are efficient, highly reliable and scalable. It can provide a complete video surveillance system for the campus , which will play an important role in pre-accident prevention, emergency command during an accident and post-accident evidence supplements. It is a defense line that protects the safety and property of students, professors and campuses.

Solution Overview

Challenges

- Campus violence, malicious vandalism, theft, car accident, etc.
- Need to quickly locate & inspect for emergencies
- Unbalanced security staff arrangement
- High cost of data center and network
- Poorly system maintenance

Solutions

- 7*24 no-blind HD video surveillance, from teaching area to living area
- Unified management platform with abundant functions
- Integrate with third party security system
- High reliable and cost-effective design for IP storage device
- Advanced NGN architecture, easy to maintain

Successful Cases

Global case
Fudan university, Shanghai, China

Solution Highlights:
500+ IPC
IP storage
Total CCTV Solution
ITS Cameras

Background:
Fudan University, located in Shanghai, China, is one of the famous universities in China, and a member of the C9 League. Its institutional predecessor was founded in 1905, shortly before the end of China's imperial Qing dynasty.

Global case
University of Malta Valletta Campus, Malta

Solution Highlights:
Plug & play
Smart IR
Easy-to-use NVR

Background:
Built in 1595
The Campus houses two departments of the University of Malta.

Global case
Bangladesh University of Professionals

Solution Highlights:
Smart search
Intrusion detection trigger alarm
Up to 150m IR
Vandal-proof

Background:
BUP is a unique public university run by the armed forces with upholding the motto "EXCELLENCE THROUGH KNOWLEDGE"

Global case
University Of Buraimi, Oman

Solution Highlights:
Strong decoding ability: 32-ch 720P decoding ability
High level data safety: redundant design and RAID NVR
High quality image: WDR, smart IR

Background:
The University of Buraimi (UOB) is a private university in the Al Buraimi Governorate in the Northern part of Oman.

Global case
Tsinghua University, Beijing, China

Solution Highlights:
The solution covered the school main roads, student apartments and the surrounding sensitive place.
The Tsinghua University project adopted more than 1100 IP Cameras, professional storages and ITS cameras.
VMS Platform which can realize the unified management and scheduling.

Background:
Tsinghua University is ranked as one of the top academic institutions in China and Asia, and 14th worldwide in the 2017 Times Higher Education World Reputation Rankings.
Solution protected more than 30000 students and teachers' safety.

Global case
Peking University, Beijing, China

Solution Highlights:
1000+ IPC
IP storage
Total CCTV Solution

Background:
Founded in 1898, Peking University was originally known as the Imperial University of Peking. It was the first national university covering comprehensive disciplines in China, and has been a leading institution of higher education in China since its establishment. It also served as the highest administration for education at the beginning of its founding.
